

Non-Flight Line CAREER OPPORTUNITIES

Our talented workforce of more than 4,000 employees includes the **best in the air medical industry**. We believe our status as the industry leader and the importance we place on our mission statement and core values allow us to attract the highest level of talented professionals. As an employer of choice, Air Methods offers a multitude of non-flight line careers throughout the country. These include full-time, part-time, and per-diem positions. Because of the scope of our operations, all employees are afforded many opportunities for relocation and upward career mobility. While this map provides a snapshot of our larger facilities, be sure to explore our current openings today at AirMethods.com. We are always looking for the highest quality candidates.
